Title: z/VSE Tools – An Overview
Speaker: *Ingo Franzki, z/VSE Development IBM Lab Boeblingen*

The z/VSE web site offers more than 20 tools ('as is'; at no additional charge) for download. The tools are designed make certain z/VSE tasks easier and more interesting. Because of the sheer number of tools; you may have lost track about what tools are provided and what they are for. There may be a tool available that you are not aware of; for a task you need to perform.
This session will provide an overview of each the tools that are currently available on the VSE homepage. For every tool; a short description and usage scenarios will be discussed.

Developed for: z/VSE Customers - IT Managers, IT Operations & Systems Programmers & System z Business Partners
Technical level: Basic to Intermediate
Duration: 75 minutes

How to attend:
Connect to the Live Virtual Class (LVC) session using the following url:
