

IBM z/VSE Modernization Seminar

Sign up now for this informative *no-charge* two day seminar on modernizing your z/VSE environment. Topics will include an update on z/VSE version 4, CICS/TS, Rational Developer for System z, the z/VSE Connectors, a workshop on the z/VSE Connectors and much more.

Your speakers will include Wilhelm Mild from the IBM Böblingen lab, Jerry Johnston from IBM Americas, and Jim Elliott from IBM Canada.

This seminar will be held on September 24 and 25, 2008 at the IBM Canada Enterprise Technology Centre at 120 Bloor Street East, in Toronto, ON.

To register, please go to <http://ibm.com/events/ca>.

Announcing z/VSE V4.2

Built on a heritage of ongoing
refinement and innovation that
spans four decades
