IBM SuppliesPac™ option enables Web-based ordering with next-day delivery

The IBM® Infoprint® Color 8 offers color printing and printer management any time, from almost anywhere. With this new color printer you can easily and quickly produce professional, eye-catching color documents.

Enhanced productivity
In today's high-speed, e-business environment, you need a color printer that keeps up with your demands. At up to 8 color pages per minute, the IBM Infoprint Color 8 can print your document twice as fast as comparable products in the same price range. It can even print complex color documents at full speed.

Reliable performance and optimal print quality
The Infoprint Color 8 offers the print quality and reliability to produce sharp color documents. The single-pass paper path allows you to print reliably and with ease on label, card stock and transparencies.

With Heidelberg® color technology, the Infoprint Color 8 produces output with excellent image and text quality. The printer is backed by IBM's global service and support.

Intelligent and Internet-savvy
You can easily check the status of your Infoprint Color 8 or change the printer's setup without leaving your desk using your favorite Internet Web browser. The Infoprint Color 8 can even monitor itself and send an e-mail alert if the printer requires attention.

Compatible with your printing environment
The IBM Infoprint Color 8 helps preserve your investment in systems and software by supporting major network environments and computer platforms. With true Adobe® PostScript®, you can print from a variety of applications.

IBM's unmatched service and support

In addition to the standard warranty, IBM offers superior global and comprehensive service and support available 24 hours a day, 365 days a year. Call toll-free (800) 358-6661 or contact your local IBM Printing Systems representative for more information.

Genuine IBM supplies and paper

Maximize the performance of your printer by using only genuine IBM supplies and paper, which are designed to provide exceptional print quality and reliability. Contact IBM at **ibmprint@us.ibm.com** or ask your local dealer for more information.

IBM Infoprint Color 8 Features and Benefits

Features	Benefits
High speed	You can print large color documents and presentations twice as fast as other color printers in this price range.
Single-pass printing	Allows faster and more reliable color printing as the paper moves straight through the 4 consecutive color printing stations. Fewer moving parts help reduce paper jams.
Versatile media printing	You can print in color on a wide range of paper, transparencies, card stock and labels, expanding your opportunities for creative printing.
Flexible connectivity	The Infoprint Color 8 can be easily integrated into all network environments and be ready to print in minutes.
Internet management	You can check the printer status and change its configuration using your favorite Internet Web browser from your workstation.
E-mail and paper alerts	The Infoprint Color 8 can be set up to monitor itself and alert you with e-mail when the printer requires attention, helping to improve business productivity.
Color management	Simplified color management tools for professional-looking color documents.
Supplies	Genuine IBM supplies and paper optimize the performance of your printer. To order supplies, call (888) IBM-PRINT or your local representative.
Service and Support	IBM offers an optional ServicePac™ that will extend the standard one-year warranty to three years. All-day, everyday service is also available.
