

Manager Scenario Prerequisites

In order to demonstrate the functionality for this Scenario, the following setup tasks will need to be completed.

1. Roster (or Manage) 3 users
 - A Student
 - An Instructor
 - A Manager
2. Add 2 additional Autoenrollment profiles and User profiles
3. Create a new Location
4. Add Rooms to that Location.
5. Add a new instructor (use the user you defined in step one)
6. Create a new ILT Master and Offering with “booking blocks” for this instructor.
7. Enroll Students in the new ILT master
8. Associate courses with new profiles.
