

Note for Site and Network License Customers

Thank you for purchasing IBM® SPSS® Modeler Client. To install the product, please refer to the following documents, which you can find in the *Documentation\<language>\Installation* directory on the installation disk.

If you have a site license, refer to:

- *SiteLicenseAdministratorsGuide.pdf*. Read this document first. It contains information about distributing the software to the users.
- *ClientInstallation_SiteLicense.pdf*. Read this document for information about installing IBM SPSS Modeler Client on the end users' computers. You can also distribute this document to the end users.

If you have a network license, refer to:

- *ClientInstallation_ConcurrentNetworkLicense.pdf*. Read this document first. It contains information about setting up the network license manager and distributing the software to the users.
- *NetworkLicenseAdministratorsGuide.pdf*. Read this document for information about installing IBM SPSS Modeler Client on the end users' computers. You can also distribute this document to the end users.
