C04   IMS Connect User Experiences
Steve Nathan, Telcordia

IMS Connect used with IMS 7.1 introduced several new features to enable IMS to TCP/IP client connectivity. What hints and tips might be useful to know? What enhancements are available since the first release? This presentation shows how a web front-end to IMS was built using IMS Connect and its new features. It also discusses the changes added to IMS Connect after IMS 7.1 to make it even more useful.
