H08   Hands-on: IMS ETO Support for z/OS
Scott Salava, IBM Silicon Valley Laboratory

If you are using the IMS ETO Support feature, then this hands-on session is a must for you. Don't miss the chance to explore the tool's capabilities to help manage, implement, customize and exploit the benefits of ETO in your systems environment. If you're not yet using ETO Support, then consider taking the time to test drive this useful tool.
