

A Business Partner Solution for the Financial Services Sector

Providing Banks with Robust Reporting Capabilities

Jack Henry Banking

IBM Cognos 8 BI for Jack Henry

Solution Description

Jack Henry offers IBM Cognos 8 BI, IBM Cognos Impromptu, and IBM Cognos PowerPlay to our financial institutions. The catalogs and packages are available for each of the JHA core products, as well as several of our complementary offerings.

Features & Benefits

- Ad hoc reporting made easy
- Our clients create the reports they need, in the format they want
- Professional reports and dashboards for Executives
- Monthly Board of Director reports and committee reports

Value Proposition

The cubes are for use with IBM Cognos PowerPlay and Express Report Authoring in IBM Cognos 8 version 8.3.

- The pre-built cubes are available for each of the main banking applications
- The demand deposits, certificate of deposits, loans, customer information, and GL catalogs/packages, containing over 200 files, are available for each core application, as well as our ATM, home banking, voice response, payroll, teller, and fraud systems
- We also have separate packages available for our CRM systems
- Our clients receive approximately 50 'get you started' reports
- Introductory training is provided to our clients with the installation, and advanced training is available upon request
- We also offer custom reporting services to our customer

Company Description

Jack Henry Banking is a leading provider of the totally integrated, enterprise-wide automation that banks need to execute their dynamic business strategies; support their unique growth, service, operational, and performance goals; and capitalize on the evolving trends shaping the financial services industry. Its client-centric solutions, which are supporting more than 1,700 banks, blend three functionally distinct core processing platforms, more than 100 integrated complementary solutions, state-of-the-art technology, unmatched personal service, in-house and outsourced operating alternatives, and integrity-based business relationships.
