<b>Business Benefits</b>	<ul style="list-style-type: none"> <li>▪ <b>Lower employee turnover</b></li> <li>▪ <b>Improved forecasting and planning</b></li> </ul>
<b>Solution</b>	<ul style="list-style-type: none"> <li>▪ <b>DB2 EEE, Brio, SAS, WebSphere</b></li> <li>▪ <b>pSeries p690s, 6.9TB raw data and growing</b></li> </ul>

"IBM's architecture's give us virtually unlimited scalability and provides an open platform for integrating world class analytical tools."

-- Kevin Murphy, VP Information Management, The Home Depot

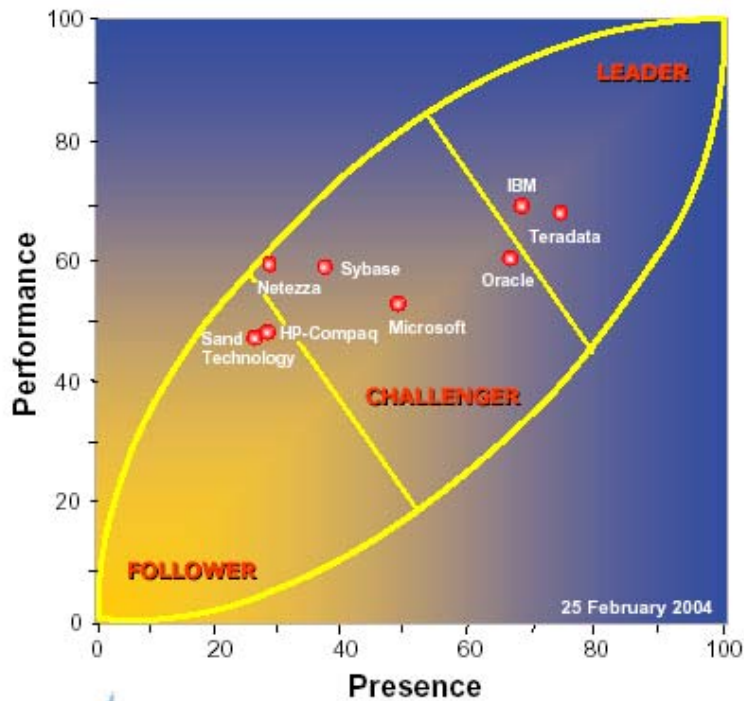

"This new data-warehousing capability will significantly improve our ability to rapidly analyze the elements of success in all parts of our business and do a much more effective job of forecasting and planning. This is the kind of technology Home Depot needs to help make decisions that will keep us in the forefront of our industry."

-- Bob Nardelli, chairman, president and CEO, The Home Depot.
