

DB2 for z/OS and Tools – General Roadmap

Session Highlights

Please note: This document is accurate at the time of publication, but is subject to change. Please check the conference [website](#) for the most current agenda.

Sunday, October 23

NA	6:00 – 8:00 PM EXPO Hall – Bayside C	EXPO Grand Opening Reception
NA	8:00 – 10:00 PM South Pacific A, B, C, E	Information Management Community Reception

Monday, October 24

CGS-3790	8:15 – 9:45 AM Mandalay Bay Events Center	Opening General Session – Turn Insight Into Action Abstract: Recent studies confirm that leaders in applying advanced analytics have 33 percent more revenue growth and 12 times more profit growth than laggards — and that gap is widening. For organizations committed to market leadership, the new imperative is to make sense of information from everywhere faster than your competition. Getting there requires a laser focus on the right investments and business outcomes, and Information On Demand 2011 is the right place to learn how you can take action now to make a difference to your organization. Start your week by hearing first-hand from business and IT leaders how their organizations are competing on speed, exceeding customer and

October 23–27, 2011

Mandalay Bay | Las Vegas, Nevada

	Room 9	
IDZ-3138	10:00 – 11:00 AM Mandalay Bay North, Islander A	IBM DB2 10 for z/OS: John Deere's Beta Experience
IDZ-1248B	10:00 – 11:00 AM Mandalay Bay North, Islander E	Recommended Best Practices Gleaned from Client IBM DB2 for z/OS Health Check Studies
CGS-4039A	1:45 – 2:45 PM Mandalay Bay South, Mandalay Bay H	<p>Information Management Keynote - Brave New World: Appliances, Optimized Systems, Big Data and Cloud</p> <p>Abstract: Several key technologies are converging to create an exciting new era of opportunity to solve new problems with new approaches that bring far better performance, cost-effectiveness and time to market. New offerings such as Netezza data warehouse appliances, IBM Smart Analytics Systems and Informix@TimeSeries technology are providing insights faster with less complexity for data warehousing, and advanced analytics. IBM's big data offerings are enabling exciting new possibilities for analyzing huge volumes of diverse information and enabling smarter, fact-based decision making in real time. From theory to practice, this keynote will also give you a primer on the proven use cases and business value of taking the first steps to exploiting workload-optimized systems and big data in your enterprise. Furthermore, understand how organizations are latching onto to new economics and agility of appliances and cloud computing for game-changing results.</p> <p>Speaker: Arvind Krishna, IBM General Manager, Information Management Software</p>
IDZ-3109	4:30 – 5:45 PM Mandalay Bay North, Islander A	What's New in IBM DB2 10 for z/OS for Large Objects (LOB)

NA	7:00 – 11:00 PM	Networking Event
----	-----------------	------------------

Wednesday, October 26

CGS-3792A	8:15 – 9:30 AM Mandalay Bay Events Center	General Session - New Possibilities Abstract: You will leave Wednesday's general session with an understanding of how you can take advantage of the new possibilities that IBM innovations offer. We will feature technology demos that will allow you to experience first-hand the possibilities of the business analytics and optimization portfolio. We are also pleased to welcome best-selling author Michael Lewis and Oakland A's general manager Billy Beane. Lewis's book, Moneyball: The Art of Winning an Unfair Game, adapted as a major movie hitting the screens in September, is the story of how Beane developed a breakthrough method of using analytics to build his roster, putting together a winning team and revolutionizing the game of baseball along the way.
IDZ-1256	9:45 AM – 12:45 PM Mandalay Bay North, Shorelines B, Lab Room 9	New Core Features and Enhancements in IBM DB2 10 for z/OS
IDZ-1044	10:00 – 11:00 AM Mandalay Bay North, Islander A	Cool Features for Enterprise Applications in DB2 10 for z/OS
IDZ-3509	11:30 AM – 12:30 PM Mandalay Bay North, Islander C	Client Panel: Cost Saving Strategies with the Mainframe
IDZ-2411	11:30 AM – 12:30 PM Mandalay Bay North,	Client Success! Tuning Queries for Effective Performance at RIOCARD
