San Ramon, CA IMS User Group Meeting

Presented by:

IBM IMS User Group Organization

Details

Date: Thursday, April 30, 2015

Location: IBM Corporation

4000 Executive Parkway, Building 9437, 3rd Floor, Room # 340
San Ramon, CA 94583

*Breakfast and lunch will be provided by IBM to attendees!**

*NOTICE TO EMPLOYEES AND REPRESENTATIVES OF GOVERNMENT OWNED ENTITIES

At this IBM function, IBM is providing breakfast and lunch meals and/or promotional items and considers this a normal business courtesy. U.S. Federal government regulations and some state or local government agencies do not permit their employees to accept food or refreshments from contractors doing business with them.

IBM provides this notice to assist you in ensuring that your acceptance of the amenities is in compliance with your employer's internal policies. If your receipt of the amenities during your attendance and participation in the event presents an issue, please advise IBM, and plan for alternate meal options.

San Ramon, CA IMS User Group Meeting

April 30, 2015

Location: IBM Corporation

4000 Executive Parkway, 3rd Floor, Room #340, San Ramon, CA 94583

Sponsored by IBM

9:00 – 9:30	Continental Breakfast and Registration	IBM
9:30 – 9:45	Welcome, Host Presentation and What's New in IMS	Catherine Cox IBM Host
9:45 – 10:45	Title: Hear Ye, Hear Ye. Announcing IMS 14 Abstract: This session describes the many enhancements to IMS System, Database Manager and Transaction Manager components that were recently announced for the next version of IMS, Version 14. Come and hear all about them.	Ken Blackman IBM
10:45 – 11:00	Break	
11:00 – 12:00	Title: What's New in IMS TM Abstract: In this session you will learn about the recent IMS TM enhancements including security enhancements, performance enhancements, and Inter System Communication (ISC) over TCP/IP functions.	Ken Blackman IBM
12:00 – 13:00	Lunch – Provided by IBM*	
13:00 – 14:00	Title: All about the IMS Mobile Feature Pack Abstract: In today's mobile era, billions of devices access information. Organizations are facing the challenge of integrating new mobile services with existing organizational processes without sacrificing client experience while preserving security. IMS is in step with IBM's mobile strategy with the recently released IMS Mobile Feature Pack, a comprehensive solution for enabling, discovering, and publishing services based on trusted IMS assets. You will learn how this mobile solution leverages the IBM WebSphere Application Server Liberty Profile and its z/OS Connect feature. We will also discuss ways to model, deploy and test IMS transactions as mobile services by using the Swagger API, Bluemix, and IMS Explorer for Development, a tool for IMS application development.	Anthony Randolph IBM
14:00 – 14:15	Break	
14:15 – 15:15	Title: IMS and the IBM DB2 Analytics Accelerator (IDAA) Abstract: Enterprise clients with IMS data can now capitalize on IBM's built-for-purpose, high-performing analytics appliance, IBM DB2 Analytics Accelerator (IDAA). IDAA can be used for long-running decision support queries against copies of IMS data in a data warehouse. It will keep you from spending hours analyzing and fine-tuning SQL queries to acceleration your opportunity to make fast action, critical thinking and real-time decisions. In this session, we'll explain all about this time saving solution.	Richard Antikoll IBM
15:15 – 15:30	Meeting Close	Catherine Cox IBM Host
