The screenshot displays the SalesOnDemand software interface. At the top, the title "SalesOnDemand" is visible, along with navigation tabs for FEED, WORKSPACES, PEOPLE, KNOWLEDGE, THINGS, and ME. A search bar with a "Go" button is located on the right. Below the navigation, a status bar shows a "Last Update" message: "We're giving the final pitch for the Green Tech Device at FutureState today. It's down to us and TMC Tech – any new or ...".

The main section is titled "Feed" and includes filters for "Live", "Who", and "Threaded". A dropdown menu shows "All Updates", "My Team", "My Accounts", "Active Workspaces", and "News". The feed contains several updates:

- A status update from Bob: "We're giving the final pitch for the Green Tech Device at FutureState today. It's down to us and TMC Tech – any new or updated FUD?"
- A reply from James: "Actually, all of the decks from our sales kickoff are available here"
- A LinkedIn profile update from Andrew Sands: "Andrew Sands updated his title to VP, Procurement, FutureState"
- Invoice notifications: "Invoice 47-254 for \$327,400 was paid by FutureState" and "Invoice updated for FutureState about 6 hours ago"
- A news update from the New York Times: "Results provided during FutureState's second quarter earnings call gave the best official look at the health of the manufacturer's business in over 2 fiscal years."
- A personal update from a user: "I just got back from an onsite visit at FutureVision and wanted to let everyone know that the new proposal template was a home run! The pre-screening ques-

An "ACCOUNT" popup window is open over the FutureState profile, displaying the following information:

- Company: FutureState
- Industry: Industrial Manufacturing
- Main Contact: Tim Smith
- YTD Revenue: \$3,000,000.00
- Active Pipeline Revenue: \$475,000.00
- Service Level: ★★★★★

Buttons for "Listen", "Add to Favorites", and a settings gear are visible at the bottom of the popup. On the right side of the interface, there is a "WHAT'S POPULAR" section with various industry-related topics and a "MY WORKNET" section showing "Listening To: 28".
