Cognos 10: maggiore flessibilità e autonomia
per i decision maker

Speaker: Luca Dalla Villa
Technical Sales Manager IBM Business Analytics

The changing workforce

According to research from *Gartner's View of Enterprise Mobility*, "there will be a **30% growth of mobile application deployments per year** thru 2011. Devices for the enterprise have continued to impact the business world through new technology and services that can **improve productivity and communication.**"

iPhone sales to surpass 100 million by 2011

Massive growth of social networking

Facebook usage statistics:

- More than 500 million active users
- An average of 250,000 registrants per day since 2007

Equip front-line workforce with the timely information needed to make informed decisions, regardless of location

Provide business users with the information they need to make responsive and informed decisions regardless of their location.

IBM Cognos Mobile

Solution highlights:

- iPhone, iPad, BlackBerry, Windows Mobile, and Symbian
- Zero footprint web application on iPhone and iPad
- Full BI interactivity including Drill Up/Down/Through using common Touch gestures
- Interact with prompts, drills for additional details, schedule reports for immediate access to key content

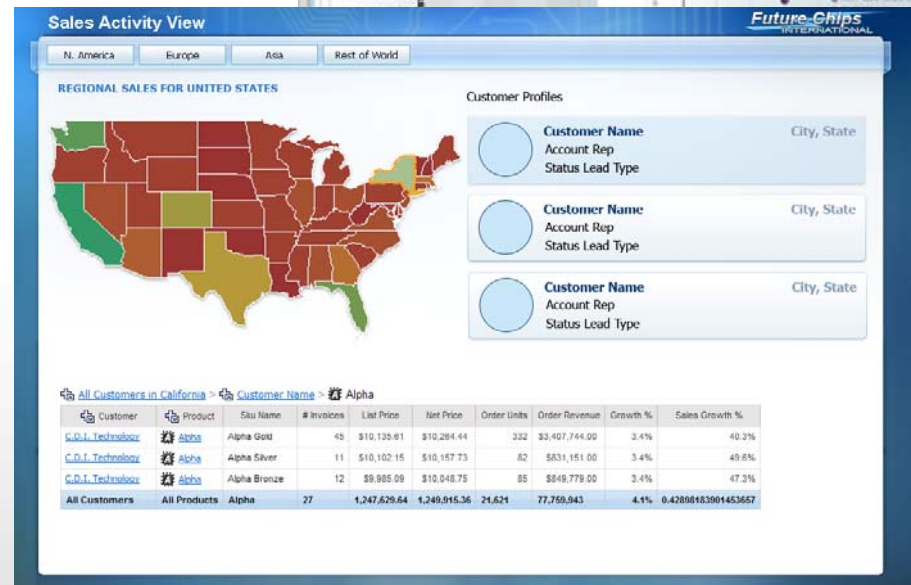

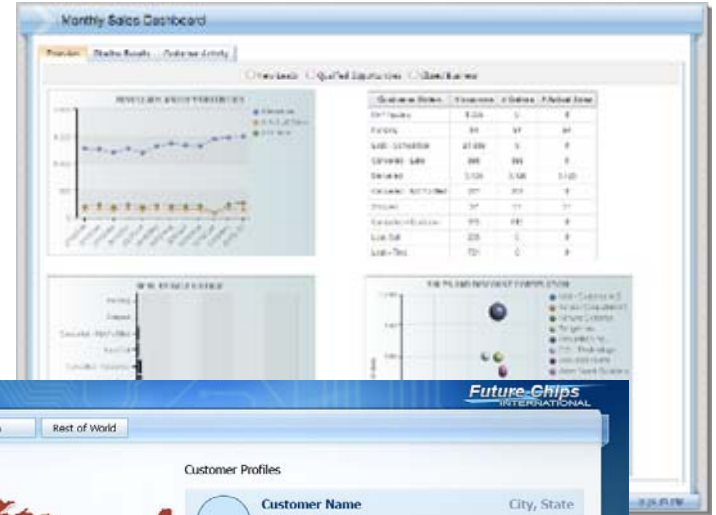

Offline interactive Dashboard and analysis, delivering very fast, self contained BI to reach more users

Extend the reach of BI and analytics to a broad audience of consumers so they can use interactive reports to uncover new insights and opportunities.

IBM Cognos Active Report

Solution highlights:

- Disconnected reporting application
- Self-contained, interactive content
- Easy to consume
- Mass deployment, easy consumption
- Performance

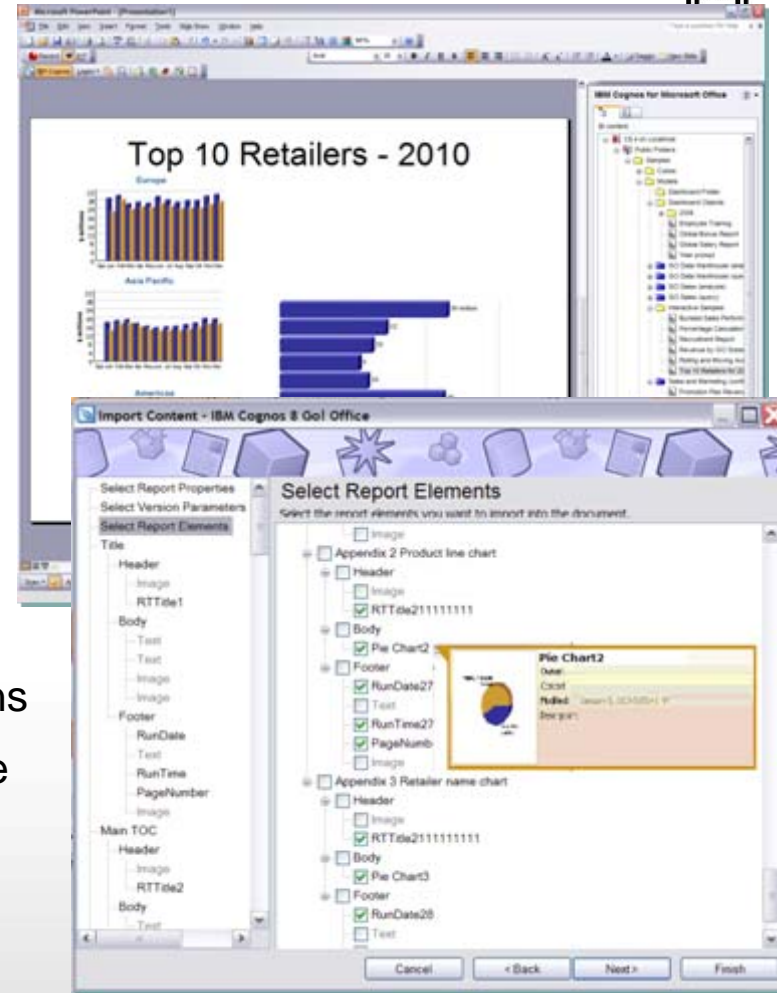

Communicate BI content in standard MS Office formats

Import BI content into MS Office tools and add additional context for presentations and briefing books.

IBM Cognos for Microsoft Office

Solution highlights:

- Create and distribute briefing books
- Refresh BI content directly within MS Office tools
- Modify and share BI content using familiar applications
- Publish and share Cognos-enabled files to the secure BI portal

Conclusion

- The way we work is changing:
 - Social Networking is changing corporate culture
 - Growth in enterprise mobility is unsurpassed
- Pervasive BI remains a vision
- C10 provides the capabilities to equip and empower more Business Users in your organization using tools that are relevant, timely and in context

Business Analytics software services

Cognos 10: maggiore flessibilità e autonomia per i decision maker - l'esperienza di Novartis

Margherita Hellmann, Reporting Business Analyst, Novartis Farma S.p.A.
Forum IBM, 17 Novembre 2011

La sfida Novartis → No more PC for Field Force

All'inizio del 2011, il CEO Novartis Farma, lancia una sfida:
Entro l'inizio del 2012, gli informatori non utilizzeranno più il laptop, ma un nuovo device, l'ipad
L'Italia si propone come Region pilota, insieme alla Spagna
