

**R21 IBM eServer BladeCenter Networking with the Cisco Systems Intelligent Gb Ethernet Switch Module (LAB)  
by Ujjal Bajaj, Cisco Systems**

The BladeCenter has expanded its ecosystem by introducing a new ethernet switch option for BladeCenter. This session will provide an in-depth hands-on understanding of the new Cisco Systems IGESM for BladeCenter. The presentation will include a demonstration of the main features of the switch such as VLAN configuration, Spanning Tree, trunking options, QoS and Multicast.
