# Control the Volume

Is your SAN ready for e-business?

# Tivoli® can help you exploit, manage, and control your SAN environment, no matter how complex.

## Do you want to take control of your tremendous growth of data?

By attending this seminar, you will learn how to better handle and better manage your SAN environment. You will be introduced to the Tivoli SAN Solution, a family of products that protects, shares, discovers, allocates, automates, monitors, and manages all SAN components and storage resources. You will find out how this open, scalable, end-to-end solution will help you better manage your storage resources.

By pioneering and perfecting the art of managing IT with innovative and efficient technology, Tivoli can offer you one of the best solutions to manage your entire SAN infrastructure, acquire a competitive advantage, and maximize your customer's ability to succeed.
