Maximo Field Control Help Guide

Please see below the instructions for additional help in collecting deployment information for your IBM Software.

Instructions:

"If running Maximo Field Control (MRO Version V4.x & V5.x):

Please provide a text file containing the output from the command below for each MRO software product:

```
select * from maxusergroups where grpname in (select name
from maxuserauth where APP = 'FIELDSEC' and optionname = app and
optionvalue <> 0) and username <> grpname;
```

If running Maximo Field Control (MRO Version V6.x):

Please provide a text file containing the output from the command below for each MRO software product:

```
select count (distinct g.userid) from groupuser g, maxuser m
where g.groupname in (select distinct groupname from applicationauth
where app='PSSFIELDSEC') and g.userid=m.userid and m.status='ACTIVE';"
```
