IBM Program usage and installation report instructions

SPSS Statistics Help Guide

Please see below the instructions for additional help in collecting deployment information for your IBM Software.

Instructions:

"1. Provide a list of users accessing the SPSS Statistics products under an authorized user/standalone license:

2. For each user having access to the products above, please have them provide a screenshot of the SPSS version and module information:
        a. Following these steps to retrieve the correct screenshot:
                i. Launch SPSS
                ii. Choose 'File' > 'New' > 'Syntax' from the menu to open a new SPSS syntax window
                iii. Type in the command SHOW LIC. into the syntax window (including the full stop)
                iv. Choose 'Run'>'All' from the menu"
