**\*\*Note\*\*** Only Customers who hold valid support on license that was originally purchased prior to April 17, 2007 are eligible for the RBD extended entitlement. One Exception – Customers who currently own VisualAge Generator and want to migrate to EGL V6 will need to buy RADv7.0 to access RADv6.0 which contains EGL V6

**\*\*Note\*\*** Customers holding licenses of WebSphere Developer Studio Client for iSeries V6 (standard edition) must submit their request no later than 31 July 2007 and if the product was not acquired through IBM Passport Advantage they are required to specify the number of licenses entitlements being requested. Requests submitted past the deadline will be handled through an “exception” process.

**\*\*Note\*\*** Extended Entitlement is for one year of maintenance starting with the date the request is processed in DSW SAF for one (1) full year.
