Drop-In ID: OPDM-11.03.00.08-017

Product: IBM® InfoSphere® Optim™ Designer

Release: 11.3.0.8

Problem ID: IP24361

Date: October 7, 2021

Description: This iFix includes corrections for the following problem:

- In Optim Designer, when clicking the "Check Syntax" button in the Actions specification, if a SQL syntax error is reported as follows:
- "The SQL syntax is either invalid or product specific"

Designer will still allow you to save the invalid SQL statement.

- After applying this iFix, when you click on the Check Syntax button, if Designer detects a syntax error, it will not permit you to save the dialog until valid SQL syntax is specified.
- NOTE: If you don't click on the Check Syntax button, Designer will continue to permit any SQL to be saved, even if it is invalid.
