

*Windows Components Profile Bundle -
Release Notes Version 1.2*

*Windows Components Profile Bundle -
Release Notes Version 1.2*

Chapter 1. Preface

Welcome to the IBM® Security Access Manager for Enterprise Single Sign-On AccessProfile bundle for Windows Components Profiles.

This release note contains information about the following AccessProfile that was not available when the IBM Security Access Manager for Enterprise Single Sign-On manuals were published: Windows Components Profile Bundle.

This package contains the following AccessProfiles:

- Microsoft Internet Explorer
- Microsoft Remote Desktop Connection
- Web Autolearn
- Microsoft Windows Explorer
- Microsoft Windows Logon (GINA)
- Mozilla Firefox

Note: You must install AccessAgent version 8.2.0.0543 or later before using the AccessProfiles with IBM Security Access Manager for Enterprise Single Sign-On 8.2.

Chapter 2. New Features

The following table describes the new features included for the individual AccessProfiles:

Table 1. List of new features

Profile Name	APAR	Description
Microsoft Internet Explorer	Internal	Additional languages and operating systems support.
Microsoft Remote Desktop Connection	Internal	Additional languages and operating systems support.
	Internal	Remote Application support.
	Internal	Credential Provider dialog capture and injection support for Windows Vista, Windows 7, and Windows 2008.
Web Autolearn	Internal	Additional languages and operating systems support.
Microsoft Windows Explorer	Internal	Additional languages and operating systems support.
	Internal	Credential Provider dialog capture and injection support for Windows 7 and Windows 2008.
Microsoft Windows Logon (GINA)	Internal	Additional languages and operating systems support.
Mozilla Firefox	Internal	Additional languages and operating systems support.

Chapter 3. Closed Issues

The following table describes the closed issues related to the individual AccessProfiles:

Table 2. List of closed issues

Profile Name	APAR	Description
Microsoft Internet Explorer	IZ76331	Windows 7 basic authentication single sign-on for Internet Explorer.
	IZ91962	PDF file cannot be downloaded when the Browser Helper Object is enabled in Internet Explorer.
Microsoft Remote Desktop Connection	None	None
Web Autolearn	None	None
Microsoft Windows Explorer	None	None
Microsoft Windows Logon (GINA)	IZ85899	If auto-logon is enabled and the credentials are not valid, the profile loops continuously in Windows XP.
	IZ89324	The changed Windows password is not stored in the Wallet.
	IV02809	Forcing a change password in a Windows account does not save the credentials in the correct authentication service.
Mozilla Firefox	IZ88214	AccessAgent injects credentials in the wrong fields when another application is opened during single sign-on.

Chapter 4. Known Issues

The following table describes the known issues for the individual AccessProfiles:

Table 3. List of known issues

Profile Name	APAR	Description
Microsoft Internet Explorer	Internal	The profile does not validate the credentials that are captured.
	Internal	There is a looping behavior in Windows 7 if the incorrect credentials are saved and auto-logon is enabled.
Microsoft Remote Desktop Connection	Internal	The profile does not validate the credentials that are captured.
	Internal	The profile does not handle multiple RemoteApp connections.
Web Autolearn	Internal	The profile does not validate the credentials that are captured.
	Internal	Web pages with more than one user name or password field are ignored.
Microsoft Windows Explorer	Internal	The profile does not validate the credentials that are captured.
	Internal	Only basic HTTP or HTTPS prompt is supported.
Microsoft Windows Logon (GINA)	None	None
Mozilla Firefox	Internal	Firefox AccessProfile is not supported in AccessAgent version 8.0.1.
	Internal	If the user enters incorrect credentials on the first attempt, the credentials are not captured on the second attempt.
	Internal	Only basic HTTP or HTTPS prompt is supported.

Chapter 5. Installation

Prerequisite

Any existing AccessProfile that is uploaded to the IMS Server must be deleted before uploading this AccessProfile. Make sure that you delete any existing AccessProfile to avoid an AccessProfile loading error.

Installation Instructions

See the IBM Security Access Manager for Enterprise Single Sign-On Installation Guide available at: <http://publib.boulder.ibm.com/infocenter/tivihelp/v2r1/index.jsp?topic=/com.ibm.itamesso.doc/ic-homepage.html> for more details.

Chapter 6. Compatibility Matrix

This section describes the supported operating systems, browsers, applications, and other components for the AccessProfiles:

Operating System	Product and component version	Independent software vendor product version
Microsoft Internet Explorer		
<ul style="list-style-type: none">• Windows XP• Windows 2003• Windows Vista• Windows 7• Windows 2008	<ul style="list-style-type: none">• TAMESSO v8.0.1• TAMESSO v8.1• ISAMESSO v8.2	<ul style="list-style-type: none">• Microsoft Internet Explorer 6 (deprecated)• Microsoft Internet Explorer 7• Microsoft Internet Explorer 8• Microsoft Internet Explorer 9
Microsoft Remote Desktop Connection		
<ul style="list-style-type: none">• Windows XP• Windows 2003• Windows Vista• Windows 7• Windows 2008	<ul style="list-style-type: none">• TAMESSO v8.0.1• TAMESSO v8.1• ISAMESSO v8.2	<ul style="list-style-type: none">• Microsoft Remote Desktop v5.x• Microsoft Remote Desktop v6.x
Web Autolearn		
<ul style="list-style-type: none">• Windows XP• Windows 2003• Windows Vista• Windows 7• Windows 2008	<ul style="list-style-type: none">• TAMESSO v8.0.1• TAMESSO v8.1• ISAMESSO v8.2	<ul style="list-style-type: none">• Microsoft Internet Explorer 6 (deprecated)• Microsoft Internet Explorer 7• Microsoft Internet Explorer 8• Microsoft Internet Explorer 9
Microsoft Windows Explorer		
<ul style="list-style-type: none">• Windows XP• Windows 2003• Windows Vista• Windows 7• Windows 2008	<ul style="list-style-type: none">• TAMESSO v8.0.1• TAMESSO v8.1• ISAMESSO v8.2	<ul style="list-style-type: none">• Microsoft Windows Explorer v5.x• Microsoft Windows Explorer v6.x

Operating System	Product and component version	Independent software vendor product version
Microsoft Windows Logon (GINA)

Mozilla Firefox		
<ul style="list-style-type: none"> • Windows XP • Windows 2003 • Windows Vista • Windows 7 • Windows 2008 	<ul style="list-style-type: none"> • TAMESSO v8.1 • ISAMESSO v8.2 	Mozilla Firefox v3.x

Chapter 7. Supported Languages

The IBM Security Access Manager for Enterprise Single Sign-On Profile for Windows Components Profile Bundle is built and tested on the following language platforms.

- Arabic
- Brazilian Portuguese
- Czech
- Danish
- Dutch
- English
- Finnish
- French
- German
- Hebrew
- Hungarian
- Italian
- Japanese
- Polish
- Korean
- Russian
- Spanish
- Simplified Chinese
- Traditional Chinese

Chapter 8. Notices

This information was developed for products and services offered in the U.S.A. IBM may not offer the products, services, or features discussed in this document in other countries. Consult your local IBM representative for information on the products and services currently available in your area. Any reference to an IBM product, program, or service is not intended to state or imply that only that IBM product, program, or service may be used. Any functionally equivalent product, program, or service that does not infringe any IBM intellectual property right may be used instead. However, it is the user's responsibility to evaluate and verify the operation of any non-IBM product, program, or service. IBM may have patents or pending patent applications covering subject matter described in this document. The furnishing of this document does not give you any license to these patents. You can send license inquiries, in writing, to:

IBM may have patents or pending patent applications covering subject matter described in this document. The furnishing of this document does not give you any license to these patents. You can send license inquiries, in writing, to:

IBM Director of Licensing
IBM Corporation
North Castle Drive
Armonk, NY 10504-1785
U.S.A.

For license inquiries regarding double-byte (DBCS) information, contact the IBM Intellectual Property Department in your country or send inquiries, in writing, to:

Intellectual Property Licensing
Legal and Intellectual Property Law
IBM Japan, Ltd.
1623-14, Shimotsuruma, Yamato-shi
Kanagawa 242-8502 Japan

The following paragraph does not apply to the United Kingdom or any other country where such provisions are inconsistent with local law:

INTERNATIONAL BUSINESS MACHINES CORPORATION PROVIDES THIS PUBLICATION "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Some states do not allow disclaimer of express or implied warranties in certain transactions, therefore, this statement might not apply to you.

This information could include technical inaccuracies or typographical errors. Changes are periodically made to the information herein; these changes will be incorporated in new editions of the publication. IBM may make improvements and changes in the products and the programs described in this publication at any time without notice.

Any references in this information to non-IBM Web sites are provided for convenience only and do not in any manner serve as an endorsement of those Web sites. The materials at those Web sites are not part of the materials for this IBM product and use of those Web sites is at your own risk.

IBM may use or distribute any of the information you supply in any way it believes appropriate without incurring any obligation to you.

Licensees of this program who wish to have information about it for the purpose of enabling: (i) the exchange of information between independently created programs and other programs (including this one) and (ii) the mutual use of the information that has been exchanged, should contact:

IBM Corporation
224A/101
11400 Burnet Road
Austin, TX 78758
U.S.A.

Such information may be available, subject to appropriate terms and conditions, including in some cases, payment of a fee.

The licensed program described in this document and all licensed material available for it are provided by IBM under terms of the IBM Customer Agreement, IBM International Program License Agreement or any equivalent agreement between us.

Any performance data contained herein was determined in a controlled environment. Therefore, the results obtained in other operating environments may vary significantly. Some measurements may have been made on development-level systems and there is no guarantee that these measurements will be the same on generally available systems. Furthermore, some measurement may have been estimated through extrapolation. Actual results may vary. Users of this document should verify the applicable data for their specific environment.

Information concerning non-IBM products was obtained from the suppliers of those products, their published announcements or other publicly available

sources. IBM has not tested those products and cannot confirm the accuracy of performance, compatibility or any other claims related to non-IBM products. Questions on the capabilities of non-IBM products should be addressed to the suppliers of those products.

All statements regarding IBM's future direction or intent are subject to change or withdrawal without notice, and represent goals and objectives only.

All IBM prices shown are IBM's suggested retail prices, are current and are subject to change without notice. Dealer prices may vary.

This information is for planning purposes only. The information herein is subject to change before the products described become available.

This information contains examples of data and reports used in daily business operations. To illustrate them as completely as possible, the examples include the names of individuals, companies, brands, and products. All of these names are fictitious and any similarity to the names and addresses used by an actual business enterprise is entirely coincidental.

COPYRIGHT LICENSE:

This information contains sample application programs in source language, which illustrate programming techniques on various operating platforms. You may copy, modify, and distribute these sample programs in any form without payment to IBM, for the purposes of developing, using, marketing or distributing application programs conforming to the application programming interface for the operating platform for which the sample programs are written. These examples have not been thoroughly tested under all conditions. IBM, therefore, cannot guarantee or imply reliability, serviceability, or function of these programs. You may copy, modify, and distribute these sample programs in any form without payment to IBM for the purposes of developing, using, marketing, or distributing application programs conforming to IBM's application programming interfaces.
