# How do they fit in with the other Rational tools?

A number of point connections

Note: This slide is my opinion not necessarily IBM's strategy

- Team Concert to ClearQuest

- Team Concert to ClearCase

- Requirements Composer to RequisitePro etc.

Migration of "classic" tools to Jazz tools (strategic)

RequisitePro	Requirements Composer
ClearQuest	Team Concert
ClearCase	Team Concert?
Test Manager	Quality Manager
Portfolio Manager	Team Concert → Financier, Governor, Tempo → Enterprise Reporting, Project Management
