INTRODUCTION

Do you already have Notes/Domino in your organisation? Are you looking to enhance your environment or just bring it up-to-date?

Let us show you the benefits that the latest Notes and Domino 8.5 version can bring to your business and demonstrate how we can help you implement your upgrade quickly and painlessly.

OBJECTIVE

The Notes & Domino 8.5 Version to Version seminar is intended to provide you with an understanding of the new capabilities of the latest Notes & Domino 8.5 version and the process of upgrading. This exploration will help you assess the additional value and potential impact to your existing environment, demonstrating efficiency and productivity benefits. At the conclusion of the seminar, you will leave with an understanding about the business problems this new version can help solve.

AUDIENCE

This Seminar is for existing Notes and Domino customers, targeted for a business and technical audience. It is recommended that participants have an understanding of their business needs and current IT technologies.
