### Assignment of your agreement (s) with ILOG

Dear Customer of ILOG,

On December 29, 2008, IBM completed the acquisition of ILOG, a leading provider of powerful easy-to-use tools for business rules, optimization, visualization and supply chain management.

We are pleased to report that the integration of ILOG continues to progress on schedule and would like to take this opportunity to inform you that on **July 1, 2009**, we will finalize an important milestone in the integration known as “**Transfer of Business.**” On that date, amongst other things, we will consolidate all transaction fulfillment activity into the local IBM companies. Also on or about that date, your contract (s) with ILOG will be assigned in their entirety to the IBM company based in the same country as the ILOG company with which you have contracted. Further details of the legal entities affected by such assignment are set out in the Appendix to this letter.

Please visit [www.ILOG.com](http://www.ILOG.com) via <http://www.ilog.com/transferofbusiness/customers.cfm> for up-to-date information on doing business with IBM. In addition to this letter, you will also find posted a document entitled, “Doing Business with IBM,” which provides additional key information to help you transact business with IBM. Both English and translated versions of these documents will be available on the website.

Please provide this packet of information to the appropriate individual(s) in your company who are also engaged with ILOG.

We would like to personally thank you for your continued support of ILOG and welcome you to the IBM family. If you have any questions, please contact your local ILOG representative. We look forward to continuing our business relationship with you through IBM and helping you meet the needs of your business.

Yours sincerely,

**Jim Koerner**  
Vice President, IBM Software Group  
Central Eastern Europe, Middle East, Africa

**Harley Davis**  
European Sales Director  
ILOG, an IBM Company
