Delivery Simplification for Selected Programs for IBM i

IBM i simplified the delivery for the listed LPPs and OS feature:

- For IBM i 7.2 and later, the selected LPPs and IBM i feature will no longer be ordered separately and instead will be automatically delivered with IBM i orders and upgrades.
- Existing IBM i 7.2 and 7.3 clients can download the products from the Entitled System Support (ESS) web site (once registered) at http://www.ibm.com/servers/eserver/ess .

    5733-ARE Administration Runtime Expert (formerly called "Application Runtime Expert") 1.1
    5798-FAX Facsimile Support for i 5.8
    5770-SM1 System Manager for i 7.2 and 7.3
    5770-DFH CICS Transaction Server for i 7.2 and 7.3
    5770-MG1 Managed System Services for i 7.2 and 7.3
    5770-SS1 IBM i Option 23, OptiConnect 7.2 and 7.3

For clients who need new licenses for these products at IBM i 7.1:
Order the product or option via the withdrawn order path in e-config (like the rest of IBM i 7.1 and related programs). There is still a charge associated with these products when ordered at 7.1.
